Description

UK POSTAGE ONLY FOR THIS ITEM Gents Omega Seamaster De Ville wrist watch, 1965. The watch has a calibre 601 hand-winding movement which is working nicely. This is a good quality 17-jewel movement (adjusted in two positions) which is working nicely. The movement is fully signed and the serial number 22,357,209 dates it back to 1965. The watch measures 33.5mm diameter excluding the winding crown and the lugs. The case is stainless steel and it is in good condition with just light surface marks, nothing serious at all. The case back has the Seamaster logo to the outside and it also states that the watch is waterproof but, as with any vintage watch, it should be kept away from water and moisture. The inside of the case back is also signed and it has the case reference 135.010 which is correct for the calibre 601 movement. Omega signed winding crown. The lens is in good condition and it has the small clear Omega logo to the centre. The signed dial is in its original finish with original hands, seconds sweep and outer minute markers. A new leather strap has been fitted. The watch comes in a new presentation box.
