Description

Gents 1950s Peerex wrist watch. The watch has a Swiss 21-jewel hand-winding movement which is working nicely. The movement is signed Peerex, a name registered by Stauffer & Co in 1939. The watch measures 33mm diameter excluding the winding crown and the handsome lugs. The case is chrome plated with a stainless steel snap on case back. Overall, the condition is good for a 1950s piece with just general surface marking, nothing too serious. The lens is in good condition. The signed dial is in its original finish with original hands, seconds sweep and outer minute markers. A new leather strap has been fitted. The watch comes in a new presentation box.
