

SA886170

Waltham half hunter pocket watch, 1905

Price

Sold**Item Reference: SA886170****Date of manufacture: 1900**

Description

Waltham half hunter pocket watch, 1905. The watch has a seven jewel stem-winding movement, grade 610, which is working nicely. The movement is fully signed, and the serial number 14,612,796 dates it back to 1905. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and is signed inside the case back with the maker's name, American Waltham Watch Company. There is engine turned detail to both the front and back although a little worn. There is the odd little "ding" and a little unevenness. The front cover has a small central lens surrounded by dark blue enamel filled Roman numerals. The winding crown pushes in to open the front cover. Inside, there is an acrylic lens which is in good condition. The signed dial is in good condition and it has blued steel hands (including the special half hunter hour hand so that the time can be read when the front cover is closed). The watch comes in a new presentation box.
