Description

1920s Cyma pocket watch and chain. The watch has a signed stem-winding movement, the seven jewel 971, which is working nicely. The movement is protected by an inner hinged cover. The watch measures 49mm diameter excluding the winding stem and the loop. The case is nickel and it is in very nice condition with just general light surface marks, nothing serious at all. The glass lens is in good condition. The signed dial is in lovely condition with original blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes with a rope twist albert which measures 31cm long including the T-bar and the clasp. The watch and chain come in a new presentation box.
