Description

Antique Waltham full hunter pocket watch. The watch has a seven jewel stem-winding movement, Traveler grade, which is working nicely. The movement is fully signed and the serial number 17,743,049 dates it back to 1909. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the gold filled Moon model from the Dennison Watch Case Company, originally guaranteed to wear for 20 years. Dennisons was a Birmingham based factory, supplying most of the cases for Waltham UK. The case is in lovely condition, just a small "ding" to the back of the watch. The winding crown pushes in to open the front cover. Inside, there is an acrylic lens which is in good condition. The signed dial is in lovely condition with blued steel hands, a sunken subsidiary seconds dial and outer minute markers. The watch comes in a new presentation box.
