

SA88662

Large Antler Horn Handled Magnifying Glass - English Art Nouveau Sterling Silver Fittings

Price

Sold**Item Reference: SA88662****Date of manufacture: 1900**

Description

A large example, measuring 10" in length with a glass diameter measuring 4 1/2", quite impressive. The antler horn handle is finished with a solid or sterling silver tip and ferrule both with a repousse Art Nouveau design, both hallmarked for Sheffield 1907, so Edwardian in era. The silver also benefits from having the design registration number too (always a highly desirable feature), 397334, which dates this design to 1902. The nickel framed glass is of course new, making it very usable piece, without damage, clear and with a good magnification. A superb, grand and impressive desk accessory in excellent condition.
