Description

An impressive 18th century antique oak cupboard, of large proportions. The antique oak cupboard has a panelled front with two fitted drawers to the top, each with brass teardrop handles. Below the drawers is a central, four panelled single door that opens to reveal a spacious interior, fitted with eight wooden hooks. The antique oak cupboard is raised on four stile feet. A rather charming piece. Item Ref; M-3766 . DIMENSIONS: Height – 155.5cm / Width – 140cm / Depth – 52cm . CONDITION REPORT: In good antique condition throughout with some signs of age. There is surface wear in places including age-related marks and scratches to the panelled sides and front. There has been an honest repair to the front bottom right hand corner, with some further losses to the side beading (pictured). There is evidence of historic woodworm to the back, however this is now long gone and has been fully treated as a precaution. The antique oak cupboard remains structurally solid and sound, with the drawers running well. Overall, a rather good example of an 18th century antique.
