Gents 9ct gold Longines wrist watch, 1962

Price

Sold

Item Reference: SA887781

Date of manufacture: 1960

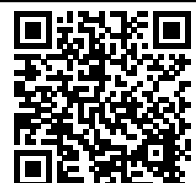

Description

Gents 9ct gold Longines wrist watch, 1962. The watch has a 17-jewel hand-winding movement, calibre 23Z, which is working nicely. The movement is signed with the Longines name and the serial number 12,211,166 dates it back to 1962. The watch measures 33mm diameter excluding the winding crown and the lugs. The case is 9 carat gold and there are hallmarks inside the case back for London 1962, together with Continental gold marks and also the Longines logo. The case has general light surface marks, and a couple of small "dings" to the side of the case. Later plain winding crown. The lens is in lovely condition. The signed dial has some marking, not too detrimental, and the finish has developed into a lovely aged patina. A new leather strap has been fitted. The watch comes in a new presentation box.
