Description

An attractive early 19th century antique oak chest on stand. The antique oak chest on stand has a moulded edge to the top and an arrangement of two short over four long drawers, each with Georgian design brass handles. The large bottom drawer sits neatly in the base. The antique oak chest on stand can be separated into two parts at the bottom. An intriguing example of good proportions. Possibly adapted from a large chest on chest. Item Ref; M-3826 . DIMENSIONS: Height – 123.5cm / Width – 100.5cm / Depth – 56cm . CONDITION REPORT: In good antique condition throughout with some signs of age. There is surface wear in places including age-related marks and scratches to the front and sides (pictured). The antique oak chest on stand remains structurally solid and sound with the drawers all running well. Some good, honest repairs to the edges of the drawers (pictured). Some evidence of old historic woodworm - this is long gone and has been fully treated as a precaution. Possibly adapted from a larger chest on chest.
