Price

Sold**Item Reference: SA888481****Date of manufacture: 1920**

Dimensions

Height = 35 cm (13.8")

Width = 41 cm (16.1")

Depth = 23 cm (9.1")

Description

Circa 1910-1940 a larger than average brass banker's or desk lamp, weighing 4.1kgs. It measures 35cm in height and at the widest part it is 41cm; the original brass shade is 30.5cm across and the base is 21cm x 12.5cm. The previous owner had it completely rewired using flex cable and fitted with an on/off switch, and activated the click on/off switch on the base, but then it was put into storage and hasn't been used. It requires an up to date PAT test. The lamp is in good condition and was professionally polished when rewired. Postage and packing for the UK mainland only is included in the price and for remote areas or abroad please contact us with your postcode for a delivery quote. Thank you.

Internal Ref: 1724
