Description

A vintage 1930s Record pocket watch. Record was founded in 1903 and subsequently merged with several companies in 1916 to form Record Dreadnought Watch Co SA. This particular watch has a high grade Swiss 17-jewel stem-winding movement with micro regulator which is working nicely. The movement has been identified as Record and is stamped 17 jewels, Swiss made. The movement is protected by an inner hinged cover. The watch itself measures 49.6mm diameter excluding the winding stem and the loop. The nickel case is stamped pure nickel and RW (Record Watches). The case has light surface marking from use but overall it is in nice condition for a 1930s piece. The glass lens is in nice condition. The signed double sunk dial has traces of the original retailers name and is in nice condition. The watch has blued steel hands. The watch will be sent in a new presentation box.
