Description

An enchanting Art and Crafts design Victorian set of stained pine carved wall shelves and cupboard dating to c1870. The unit comprises an upper shelf above a scalloped frieze, a carved two door cupboard with shelf on top, and a recessed shelf below. The cupboard doors are profusely carved in relief with urns overflowing with flowers. The right cupboard door has a lock but no key. The left cupboard door is kept closed with a wooden latch. Everywhere, including the front edges, is carved in some form or other either with naturalistic botanical designs or with geometric patterns. The sides are carved too with floral stems and the lower recessed shelf is carved with a geometric pattern. Ready for an empty wall with fixed mirror plates. A quirky unusual item celebrating craftsmanship and skill.
