Description

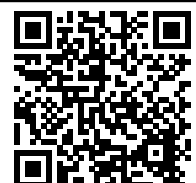

An excellent large antique pedestal desk in mahogany. This was made in England, it dates from around the 1920-30's. The quality is fantastic and this is a great size. The mahogany has beautiful grain patterns, and fine carving around the top edges and cabriole legs. The inset leather top is hand coloured and gold tooled, all the drawers have original brass handles, locks and fine, hand cut dovetailed joints. We have recently had this re-polished to a very high standard, the condition is excellent for its age. It also breaks down into three pieces for ease of transport. Width – 61 inches , 155 cm Depth – 36 inches , 92 cm Height – 32 inches , 82 cm Knee height – 25 inches , 64 cm
