Description

Antique 1920s Zenith pocket watch. The watch has a good quality nicely jewelled stem-winding movement which is working nicely. The movement is signed Zenith and the serial number 2913084 which dates it back to 1929. The movement is protected by an inner hinged dust cover which has some surface marking from use. The watch measures 50.6mm diameter excluding the winding stem and the loop. The case is gold plated and was made by the Illinois Watch Case Company. The case is in lovely condition with just minor surface marks, nothing too serious at all. The watch glass is in nice condition with only the odd minor mark from use. The dial is signed Zenith, Swiss made and is in nice condition with blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
