Description

A good example of an antique silver teapot. It is an elegant shape with a wavy reeded rim, an angular wooden handle, a wooden knob finial and it stands on four shaped feet. It is very good quality, weighing a total of 674g. It is clearly hallmarked for Sheffield, 1912 and the maker Henry Stratford Ltd. It is in good condition for its age and displays beautifully. There are a few light marks on the wooden handle but nothing detrimental. There are some minor signs of age and use, some general light surface marks and small dinks but no major dents or damages and it is certainly a very usable piece. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK delivery £10
