Description

Good example of an antique cast iron boot scraper dating from the mid 19th Century. Well made and a very decorative piece with a wonderful weathered patina. The top of the scraper is stamped "209". It is in good original condition with no major damages. After years of use the top part of the scraper has a slight lean to one side but it is strong and sturdy and will continue to withstand plenty of use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK delivery £10.
