Description

An amazing pair of brass church candlesticks, standing 82cm high and very heavy. The large bases are supported by three lions. These are genuine church candlesticks and not just "church style" One candlestick has a split in the brass towards the top. However, it doesn't move since the bras itself is very thick. It's hardly noticeable in situ and just reflects the age.(See photos) Circa 1860 We can deliver free of charge in UK mainland and can calculate the cost for international delivery.
