Description

Antique Elgin stem winding pocket watch. The watch has a 15 jewel stem-winding movement with micro regulator which is working nicely. The movement has nicely patterned plates and it is fully signed together with the serial number 8931275 which dates it back to 1900. The watch measures 51.5mm diameter excluding the winding stem and the loop. The case is gold plated and is the Empress model made by the American Watch Case Company. The case has a screw on front and back and is in nice condition with only light surface marking from use. The glass lens is in nice condition. With only minor marking from use. The signed dial has a faint hairline crack between 1 & 2 o'clock and slight nibbling to the centre hole if viewed through a jewellers loupe. The watch has its original blued steel hands. The watch comes in a new presentation box.
