Description

This stunning cruciform pendant is set with five majestic purple amethysts complemented by four little hand-cut diamonds. The amethysts are set into nine-carat gold, the diamonds into silver, as was customary with white stones in the 19th century. We have teamed the cross with a 2mm nine-carat rosy gold antique belcher (rolo) chain which we think works rather well; if you would rather purchase the cross separately just send us a message before you buy. Both the pendant and the chain are in excellent antique condition. Pendant weight: 5.1g. Pendant size: Approx 3.7cm total drop, the cross itself measures around 2.8cm diameter (just over half an inch wide). Chain weight: 7.0g. Chain length: Approx 22.5 inches (57cm).
