Pair of ebonised Regency style side tables

Price

Sold**Item Reference: SA894207****Date of manufacture: 1930**

Dimensions

Height = 77.5 cm (30.5")

Width = 43 cm (16.9")

Description

Good decorative pair of ebonised Regency style side lamp tables or urn stands, circa 1930's. The round tops have a rounded edge, supported by three turned columns on a triform base with a central finial. These tables are made in softwood pine and have been ebonised and polished. Good decorative pair, but being early 20th century they are not the quality of a Regency set, which is reflected in the low price for this pair. Measuring: 30 1/2 inches or 77.5 cm high 17 inches or 43 cm diameter
