Antique Cyma pocket watch and chain

Price

Sold**Item Reference: SA894279****Date of manufacture: 1910**

Description

Antique Cyma pocket watch and chain. The watch has a Swiss stem-winding movement, signed Cyma, which is working nicely. The movement is protected by an inner hinged cover. The watch measures 49mm diameter excluding the winding stem and the loop. The case is nickel. The front and sides are in good condition. The case back has some unevenness. The acrylic lens is in lovely condition. The dial has a handful of short faint hairlines by number 4 but they are not too noticeable to the naked eye. Blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes with a single chain, 30cm long including the T-bar and the clasp. The watch and chain come in a new presentation box.
