Description

This is an extremely elegant and very well made c.1920's American mahogany camel backed sofa with fret work stretchers. The quality is very high and its a design I have never seen before. The size is ideal for 3 people and we would suggest a single seat cushion added during upholstery. I know this doesn't look much at the minute but trust me when I say its quite a special piece and our upholstery price includes all the build up of the arms, adding seat cushion etc Measurements Height 90cm Width 195cm Depth 90cm Depth of seat 61cm Height of seat 38cm (currently) (On my website) If you would like this sofa upholstered please click yes in the upholstery drop down menu. This would require 10 metres of material. You can supply your own or please browse our collections under the material section. All my armchairs and sofas have been fully restored, springs, legs, padding etc so these will stand the test of time even if used everyday. Price includes UK mainland delivery
