

SA894598

Antique Waltham pocket watch, 1919

Price

Sold**Item Reference: SA894598****Date of manufacture: 1910**

Description

Antique Waltham pocket watch, 1919. The watch has a 17-jewel grade 625 stem-winding movement which is working nicely. This is a good quality movement with nicely patterned plates, Breguet hairspring for enhanced precision and a Church 1892 patent regulator. The movement is fully signed and the serial number 22,824,237 dates it back to 1919. The watch measures 54mm diameter excluding the winding stem and the loop. The case is gold plated and it is in good condition, just minor marking, nothing serious at all. The glass lens has a 4mm scratch to the middle but otherwise is in good condition. The signed dial is in lovely condition with blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
