Description

A superb original Victorian Arts & Crafts period tambour top bureau in solid walnut. This was made in England, it dates from around 1880-90's period. It is of amazing quality, with a beautiful and very practical design. There are gorgeous pierced brass mounts and stunning grooved details throughout. The roll top opens to reveal a pull out leather top writing slide, two small drawers and various shaped pigeon holes. There is a larger drawer beneath the writing surface and a locking two door cabinet in the base. We have recently had this re-polished, the walnut has a lovely colour and wonderful patina. There are various small marks here and there beneath the polish, adding to the immense character and charm of this piece.
