Description

A pair of Sitzendorf three branch figural candelabra. Polychrome painted in great detail. Hugely decorative, they depict a young woman with a child on one stand and another young woman with a dog on the other, both surrounded by a profusion of flowers. There are a few small losses to some of the flowers and I believe a professional restoration to one of the scrollwork feet. However, overall they are in good condition and very well priced. We can deliver free of charge in UK mainland and can calculate the cost for international delivery. Payment by bank transfer or Paypal
