1934 silver Record pocket watch with chain

Price

Sold**Item Reference: SA896081****Date of manufacture: 1930**

Description

1934 silver Record pocket watch with chain. The watch has a calibre 433 15-jewel stem-winding movement by Record which is working nicely. The watch measures 50mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside the case back for Birmingham 1934 together with a case maker's mark for Aaron Dennison. The Dennison Watch Case Company supplied cases to house various Swiss movements, a way of avoiding import taxes of precious metal. The case is in lovely condition. The case back has engine turned detail with a central vacant cartouche to the centre. There is the slightest hint of unevenness to the case back, nothing serious at all. The glass lens is in very nice condition. The dial has a short faint crack between 4 and 5 but otherwise is in good condition with blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes with a double albert, each chain measuring 24cm long. There is also a silver fob hallmarked for 1900. It has the name H Cooper to the front, and Xmas 1901 to the reverse. The watch and chain come in a new presentation box.
