

SA896438

Antique silver Omega pocket watch

Price

Sold**Item Reference: SA896438****Date of manufacture: 1900**

Description

Antique silver Omega pocket watch. The watch has a stem-winding movement which is working nicely. The movement is signed on the regulator with the Omega logo. The movement is protected by an inner hinged cover which has a few scratches. The watch measures 48mm diameter excluding the winding stem and the loop. The case is 800 silver with rose gold wash around the bezel and the edge of the case back. There are Continental hallmarks inside both of the case backs. Overall, the case is in good condition, just a few small knocks to the side. The acrylic lens looks good to the naked eye, some surface scratching if viewed through a magnifying loupe. The signed dial is in very nice condition. The watch comes in a new presentation box.
