Description

"A beautiful large solid silver Indian parasol or walking cane handle. It is unmarked but tests as high grade silver and date to c1900. It has been beautifully handmade embossed and chased with village scenes. It is in superb condition being free from dings splits holes and repairs. It measures approx. 12.25 inches (31cms) long by 4 inches (10cms) wide and weighs 192 grams (including the wooden insert to the end). A superbly designed very high quality rare example."
