Description

Antique Waltham full hunter pocket watch. The watch has a seven jewel Equity grade stem-winding movement which is working nicely. The movement is fully signed and the serial number 18,627,737 dates it back to 1912. The movement is protected by an inner cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the gold plated Star model from the Dennison Watch Case Company, supplier of cases to Waltham UK. There is unevenness to the front and back of the case. The winding crown pushes in to open the front cover. Inside, there is an acrylic lens which is in good condition. The signed dial is in lovely condition with blued steel hands, a subsidiary seconds dial and outer minute track. The watch comes in a new presentation box.
