Gents 1960s Roamer Sport wrist watch

Price

Sold**Item Reference: SA898231****Date of manufacture: 1960**

Description

Gents 1960s Roamer Sport wrist watch. The watch has a 17-jewel hand-winding movement which is working nicely. There are a couple of empty retaining screw holes within the movement. The retaining screws are not required in this instance because the movement is designed to be held in place by the inner protective cover. The watch measures 33mm diameter excluding the winding crown and the lugs. The main body of the case is white the case back is stainless steel. The case is in good condition, just some wear behind the winding crown so not visible when the watch is being worn. The lens is in lovely condition. The signed dial is in lovely original condition with original hands, a centre seconds hand and outer minute markers. A new leather strap has been fitted. The watch comes in a new presentation box.
