Description

A large mahogany chest of drawers dating from the late 19th Century. They are good quality and very well made with a lovely rich patina. They are set on a plinth base with two short over three long drawers, each with their original turned wooden knobs. They are in good condition with the usual small signs of wear and use - a few marks on the top surface, small knocks and minor chips around the base but nothing detrimental and they display very well. The drawers open well, having recently had the runners replaced, and are generally clean and tidy inside. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Nationwide delivery available through our network of reliable couriers.
