Pair of large black toleware finial lamps

Price

Sold**Item Reference: SA898287****Date of manufacture: 1930**

Dimensions

Height = 48 cm (18.9")

Width = 19.5 cm (7.7")

Depth = 19.5 cm (7.7")

Description

Very decorative and well proportioned black tole lamps in the form of finials on a square plinth base. The spherical body of the lamps work very well with the (example only) 16 inch diameter drum shades (which are from Dunelm would you believe!) and will sit very well as a pair on a sideboard or console table, but also work well as bedside lamps too. The tole does still have its original black painted finish which has aged gracefully, giving them a really lovely finish. They have been lightly cleaned and beeswax polished to give them a crisp finish. The condition to both lamps is good, some wear to the tole as you would expect through age, but nothing of any concern. They have been fully re wired and PAT tested, finished with a baize to the underneath so as not to scratch whatever you place them on. Priced as a pair and the ticket price does include delivery within mainland UK. Measuring: 19 inches or 48 cm high to the bulb holder 10 inches or 25 cm diameter 7 3/4 inches or 19.5 cm square bases 28 inches or 71 cm to the top of the example shades
