Description

A fine quality mid Victorian engine turned silver pocket barometer in pristine condition, hallmarked London 1877. The domed back case with engine turned finish, hanging loop to the top and engine turned edge to the bezel to aid moving of the outer sea height scale. Silvered dial to the aneroid movement with convex glass. Bears the makers mark for William Southey. Presented in immaculate condition with a deep shine. Measures 1.25" diameter x 0.75" deep. Tracked and insured postage for this item is £8.00 for mainland UK. Please contact us for delivery abroad.
