Description

This is a very classy and well made piece of campaign furniture. Originally this would have been used as a wash stand. It is completely collapsable which is the nature of campaign pieces. But when erect it is extremely sturdy. The three tiered mahogany shelves are edged in brass which is a great combination. Especially with the brass supports as well. It has a hole in the top tier where a brass bowl would have once sat but not it allows you to set your own basin into it should you intend to use it as a wash stand. Alternatively however if you were able to find a bowl to fill the hole, it would make a great drinks stand with the bowl acting as an ice bucket. However you choose to use this piece it is a fabulous quality item and very classy indeed. Height 80cm Width 64cm Depth 48cm Price includes UK mainland delivery
