Description

Here is a fine quality antique English Art Deco burr & figured walnut pedestal office desk, circa 1935, in excellent condition. Decorated with lovely figured walnut veneers on the top, the desk boasts a fantastic inverted angular design. Below, there is a small central drawer, flanked by two larger drawers either side, resting on two pedestal cupboards. Each pedestal comprises two drawers and a cupboard. The drawers feature dovetail construction, with mahogany drawer linings (sign of quality). The drawers also retain their original rectangular handles. The pedestals terminate on open bar shaped feet. This desk boasts classic Art Deco styling in the clean angular lines, handles, feet and geometric design. This is a single piece item. The desk boasts a warm walnut colour. It has a fantastic colour and patination; this can only be achieved through age and years of care and cleaning it has received. This desk would look superb in a variety of rooms from the work place to the home office. It would certainly grace any home or office and is a great investment, as it is extremely functional. So, don't miss out on your chance to own a lovely piece of furniture. Condition...
