Description

A nice quality early 19thc Regency drinks tray...it is made from mahogany and the raised rim of the tray is inlaid with boxwood stringing....it has gained a very good colour and is of a very good size and condition....as if that is not enough, it has come from a very good collection of treen....the Brain Hawtin collection, who I have the pleasure of knowing and helping to build a very impressive collection of treen, with a few other notable dealers..! English. C1800-20.
