Description

We are delighted to offer this superb Victorian 18K gold ring with an intricate navette design. Distinctly Victorian and distinguished from contemporary pieces, three faceted rubies are brilliantly embedded between 14 old European-cut diamonds. A stunning contrast between the red, diamonds and the gold setting is a delight to see under natural lighting. The antique old-cut diamonds reflect light in all directions no matter the viewing angle and present an eye-catching sparkle upon wearing. Further, the ring itself is meticulously crafted in 18K gold with fine engravings on the 'shoulders' of the ring and fine claw settings. Ruby is known to be the birthstone of July and the diamonds for April. A very special gift to a lucky individual or as an indulging gift to oneself. Classically elegant and ideal for the discerning jewellery and antique lover. The ring is stamped '18ct' on the inner shank signifying 18K gold. All of our rings come with a complimentary hard shell gift box with a velvet interior.
