Depth = 16 cm (6.3")

Description

A very nice quality wall clock in totally original condition. Dating from C1855 and made by J. POLLARD of CANTERBURY this clock features all of the best features of its type. Made from the very finest quality mahogany, it has a very narrow surround to the dial which always gives that additional touch of elegance. To the lower half of the case is a glazed aperture through which the pendulum can be seen in operation. There is also brass inlay to add to its appeal. The "ears" to this clock are particularly nice being hand carved oak leaves and acorns. The 12" white painted dial has black Roman numerals and is signed with the makers name. It has a heavy, cast brass bezel and nicely shaped hands. The 8 day, fusee movement has just been fully overhauled by our BHI registered staff and carries our usual 12mths full parts and labour guarantee. A quality clock throughout. All cards accepted.
