## Description

Antique Swiss silver pocket watch, chain & football fob. The watch has a Swiss stem-winding movement which is working well. The movement is protected by an inner hinged cover which has some surface marking and a small "ding". The watch itself measures 47.3mm diameter excluding the winding crown and the stem. The case is silver and there are Swiss .935 silver marks inside the two case backs. The case has some small "dings" and surface marking although it is in nice condition for such an early piece. The acrylic lens is in nice condition. The white enamel dial is in nice condition. Pin-set blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes with an antique silver watch chain and football fob. The chain measures 33.5cm long including the T-bar and the clasp. The T-bar is hallmarked for 1911. Each of the graduated links have the lion silver mark although they are quite rubbed. The chain comes with a silver football fob with a rose gold wash to the front. There is a 1920s inscription to the reverse but it is quite difficult to read as there is surface marking and wear. Total weight of the chain and the fob is 58g. The watc...
