Description

A lovely heavy hand-hammered antique copper Jardiniere, decorated with a band of rivets and cross hatching around the rim, and standing on three brass Lions feet. The Jardiniere is 30.5cm in diameter and stands 10cm tall in total - 6.5cm deep and having 3.5cm legs. It is a really heavy item with a lovely rich patina which exudes quality - and being quite low sided is a shape that is not often seen. Please do not hesitate to get in touch if I can provide any further information or photographs.
