Gents Omega wrist watch,
c1920

Price

Sold

Item Reference: SA900295

Date of manufacture: 1920

Description

Gents Omega wrist watch, c1920. The watch has a hand-winding movement, identified as being by Omega, which is working nicely. Originally there would have been an inner cover over the movement but this has been removed over the years. The watch measures 33.5mm diameter excluding the winding crown and the articulated lugs. The case is nickel. The inside of the case back has the early Omega logo. There is minor marking but overall the case is very acceptable for such an early piece. The lens is in lovely condition. The dial is in very nice condition. A later leather strap has been fitted. The watch comes in a new presentation box.
