Description

Antique Omega pocket watch. The watch has a stem-winding movement, signed Omega on the regulator, which is working nicely. The movement is protected by an inner hinged cover which has quite a lot of scratching. The watch measures 51mm diameter excluding the winding stem and the loop. The case is nickel. It has a few little marks and the odd small "ding" but nothing too serious. The inside of the case back is signed with the Omega logo. The signed dial is in beautiful condition. The outer minute track with 24 hour numbers is a nice feature. The watch comes in a new presentation box.
