Description

Antique silver Waltham pocket watch and chain. The watch has a stem-winding movement, the 15-jewel grade 620, which is working nicely. This is a good quality movement with Breguet hairspring for enhanced precision, patterned plates and a Church 1892 patent regulator. The movement is fully signed and it has the serial number 22,783,773 which dates it back to 1919. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside both of the case backs for Birmingham 1924 together with a case maker's mark for Aaron Dennison. Dennisons was a Birmingham based case maker, supplying the majority of cases for Waltham UK. The case is in good condition, just a little unevenness to the hinged case back. The glass lens has some marking across it but it is fairly light. The signed dial is in lovely condition. Blued steel hands, a subsidiary seconds dial and outer minute track. The watch comes with a single silver chain which measures 31cm long. Some of the links have the lion silver mark, some of the marks have worn down over the years. Also included is a 1920...
