Description

A beautifully made and very useful antique burr walnut chest of drawers, made in England & dating from around the 1930's. It's of fantastic quality and has nice proportions. There is lots of storage space in the four generous drawers, which are graduated in depth and there is also a useful pull out brush slide in the top. This has a serpentine shaped front, reeded canted corners, sits on bracket feet and has lovely brass handles. The colour and walnut grain patterns are gorgeous throughout. We have had this recently re-polished, the condition is excellent for its age. Width - 29 inches , 73 cm Depth - 20 inches , 50 cm Height - 30 inches , 76 cm
