Description

A gorgeous antique Queen Anne style burr walnut display cabinet of the highest quality. This was made in England & I would date it from around the 1930's. This is extremely well made, with stunning burr walnut grain patterns and beautiful carving around the lower section and top edge. Please enlarge the images of the carved basket of flowers in the middle. The doors have bevelled glass panels and this has a lovely interior as well. This comes with a locking key, we actually forgot to photograph this with the doors open, but luckily you can see inside! There are two adjustable glass shelves and a mirrored bottom section. We have given this a clean and wax polish, the condition is excellent for its age. The top can lift off the base and this comes in two pieces for ease of transport. Width – 46 inches , 117 cm Depth – 19 inches , 49 cm Height – 59 inches , 150 cm
