Description

This gorgeous piece showcases a high domed garnet cabochon framed in a double halo of twinkling wine coloured crown rose-cut garnets. A splendidly gothic addition to any outfit! The garnets are set into "garnet gold" - a description used to describe a very low carat gold or gilded base metal typically used in Victorian garnet jewellery. The brooch is in good antique condition; one of the tiny central claws is missing and there is a tiny surface flaw in the cabochon but these are only really visible under strong magnification and not perceptible to the naked eye. Size: 2 x 2.5cm. Weight: 6.0g. FREE INTERNATIONAL SHIPPING! Apologies but we cannot ship to Germany, any orders from Germany will be cancelled and refunded. Antique boxes pictured are for display only and not included unless specified, your item will come in a new box.
