

SA902880

Gents Omega Seamaster automatic wrist watch, 1960

Price

Sold**Item Reference: SA902880****Date of manufacture: 1960**

Description

UK POSTAGE ONLY FOR THIS ITEM Gents Omega Seamaster automatic wrist watch, 1960. The watch has a calibre 591 20-jewel automatic movement which is working nicely. The movement is fully signed and the serial number 17,648,254 dates it back to 1960. The watch measures 33.5mm diameter excluding the winding crown and the lugs. The case is stainless steel. The front and sides of the case are in good condition. The screw-on case back has a few short scratches where a tool has slipped in the past. The back of the watch has the raised Seamaster logo and the inside has the Omega triangular logo and the case reference 14704-2SC which is correct for the calibre 591 with centre seconds. Signed Omega winding crown. The lens is in good condition, as is the dial. A later plain stainless steel bracelet has been fitted. It currently fits a 17.5cm wrist although there is capacity on the clasp to make it about 1cm smaller if necessary. The watch comes in a new presentation box.
