Georgian Copper Mansion Size Stockpot

Price

Sold**Item Reference: SA903414****Date of manufacture: Georgian**

Dimensions

Height = 31 cm (12.2")

Width = 63 cm (24.8")

Depth = 47 cm (18.5")

Description

Late Georgian copper stockpot of massive proportions with brass lifts, complete with lid. In excellent condition having good patina which is why I have not cleaned it. Interior still has it's zinc coating. This item was clearly made for a very large cooking range of the type found in mansion scale houses where there would have been staff to lift it when containing many gallons of liquid. An incredibly impressive piece of antique kitchenalia! 47cm diameter.
