Description

Antique Waltham Riverside full hunter pocket watch. The watch has a high grade 19-jewel stem-winding movement, Riverside grade, which is working nicely. A good quality movement with Church 1892 patent regulator, screw-set jewels and nicely patterned plates. The movement is fully signed and the serial number 15,092,816 dates it back to 1906. The movement is protected by an inner hinged cover which has a little scratching. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold filled and it is beautifully decorated on both the front and back. The winding crown pushes in to open the front cover. Inside, there is a glass lens which is in lovely condition. The signed dial is in lovely condition. The watch comes in a new presentation box.
