Description

1930s Record pocket watch and chain. The watch has a signed Swiss 15-jewel stem-winding movement which is working nicely. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the gold plated Star model from the Dennison Watch Case Company, a prolific English manufacturer of cases for various watch makers. The case is in good condition with just general light surface marking. The glass lens has a small mark but is very acceptable. The dial is in lovely condition. The watch comes with a single chain, 30cm long including the clasps. The watch and chain come in a new presentation box.
